Zwolle, the Netherlands

ADVENTUROUS NATURE LOVER CAR SAVVY

Product Designer / 6 years of experience in consumer electronics / 3 years in biopharma field /
Expertise in user-centric design, production processes, and leading multidisciplinary teams /
Proven ability to deliver design-leading products from ideation to launch

WORK EXPERIENCE

Design Engineer

Cytiva, including Pall Life Sciences
Design Engineer Department
Medemblik, the Netherlands

Leveraging a sharp eye for product detail and stakeholder management, ensured quality production of medical consumables.

Harnessed observational skills and a detail-oriented approach to resolve design intricacies in biopharma products. Oversaw the entire process to ensure manufacturability and compliance with industry requirements.

Industrial Designer

Foxconn Industrial Internet
Creative Design Marketing team
Shenzhen, China / Taipei, Taiwan

Led major design transformation projects for diverse manufacturing machinery, enhancing user interaction and improving factory aesthetics.

Utilized hand sketching, 3D modeling, and supplier collaboration to deliver innovative solutions. Pioneered designs that elevated functionality, redefined user experience, and set new standards for Intelligent Lights-Out Factory design.

Industrial Designer

Hon Hai Technology Group (Foxconn)
Foxconn Innovation Design team
New Taipei City, Taiwan / Taipei, Taiwan

Designed phone gadgets and accessories by utilizing usability insights. Smartly leveraged CMF and module-based execution to achieve a series of successful launches.

Innovated portable sports and fitness products within an in-house startup design team. Conducted user research and bridged market insights to enhance product ergonomics and appeal.

EDUCATION

Product Design

Master's Degree (MA)
Shih Chien University, Taiwan

Visual Communication Design

Bachelor's Degree (BA)
National Yunlin University of Science and Technology, Taiwan

SKILLS

Design Software

Creo Parametric / Rhinoceros / Keyshot / Auto CAD / Inventor / Adobe Create Suit (Ps/Ai/Pr) / Procreate / Microsoft Office Suite / Visual Studio Code

Design Skills

Product Design / 3D Modeling / Freehand Sketching / UX Design / Graphic Design / Project Management / Analytical Thinking & Problem Solving / CMF Design

Soft Skills

Product Development / Teamwork / Observation / Agile & Detail Oriented / Proactivity / Facilitation / Non-verbal Communication Skills / Culture Adaptivity

LANGUAGE ABILITY

Mandarin Chinese	Native
Taiwanese	Advanced
English	Proficient
Dutch	Elementary

DESIGN PORTFOLIO
